

EntreComp for transition

Co-funded by
the European Union

Welcome to the EntreComp4Transition newsletter!

By Bantani Education

Welcome back to another round up of news, events and updates from EntreCom4Transition - co-funded by the European Union. Since our last update, the project partners have developed exciting new outputs for the project including a self-assessment tool for businesses and the learning pathways which includes onsite training in Spain for a selected group of teachers. Read on to find out more!

European pilot experience for educators - Call for trainers

At EntreComp4Transition, we aim to shape the future 'Green Transition Facilitator' through innovative, multidisciplinary teaching and learning approaches. To continue with our project objectives, we have opened a call Vocational Education and Training or Higher Education Teachers and Trainers to take part in an international training programme.

🔍 Eligibility Criteria:

- Trainers from VET and HE institutions
- Based in Austria, Belgium, Italy, Spain, or Türkiye
- Proficient in English (B2 level)
- Passion for green, digital, and entrepreneurial skills

🌐 Why Participate?

- Access innovative learning materials
- Contribute to the green and digital transition
- Join the global EntreComp Community
- Collaborate with educators from 5 countries
- Gain tools to foster students' skills
- Enjoy a collaborative workshop in Extremadura, Spain

🎨 How to Apply:

Complete the [application form](#) by January 10, 2024.

🔍 For more information, visit the [EntreComp4Transition website](#) or download the [info pack](#).

Let's shape the future of education together!

Empower your company: The Digitalisation and Sustainability Maturity Self-Assessment Tool

by CCI Spain and TOBB

EntreComp4Transition partners are excited to present their groundbreaking AI tool designed to empower small and medium-sized enterprises (SMEs) on their journey towards digitalisation and sustainability. The Self-Assessment Tool is set to transform the way SMEs evaluate their maturity in digitalisation and sustainability.

The Tool was developed by TOBB within the Framework of EntreComp4Transition Project and will help you to assess your digital and green competences.

🎯 What will you achieve

- Test the green and digital maturity of your company
- Analyse your skills gap for the twin transition
- Receive feedback and thereby discover what your profile level is
- Learn your next step and improve your transition

The tool is available in English, Dutch, German, Spanish, Italian and Turkish.

To learn more about this tool, read the [blog on the project website](#), and [complete the tool](#) for yourself.

Partner meeting in Matera

by Bantani Education

In October, project partners travelled to Matera, Italy to take part in the latest transnational partner meeting. Matera, in the Basilicata region of southern Italy, is known for its unique and ancient cave dwellings, which are carved into the limestone rocks of the region. The city is one of the oldest continuously inhabited cities in the world. During the two-day meeting, partners discussed many important milestones for the project and worked to develop learning pathways and the roadmap towards international training. You can read more about the meeting on the [project website](#).

Being Entrepreneurial 2023 - Success in Brussels

by Bantani Education

On 7 November, several EntreComp4Transition partners travelled to Brussels to take part in Being Entrepreneurial 2023, an annual conference organised by Bantani Education. This year's event focused on 'Skills for Change', within the frame of the European Year of Skills, and brought together experts from all over Europe to discuss the importance of lifelong learning and entrepreneurial skills development. You can find out more about the event, and register for updates, on [The EntreComp Community](#).

Country Cluster meetings

by Bantani Education

At the heart of the EntreComp4Transition project are five collaborative communities, the [Country Clusters](#). These communities each relate to one of the partner countries: Austria, Belgium, Italy, Spain and Türkiye, and aim to encourage collaboration nationally and regionally. Recently partners have been hosting events within their country clusters, to find out about upcoming events, simply join any of the country clusters within the [EntreComp Community](#).

CCI Spain presents innovative Start-up Acceleration Programme

by CCI Spain

Embarking on a mission to elevate Spanish start-up ecosystem, CCI Spain reveals its game-changing initiative - the Start-up Acceleration Program. Spearheaded by CCI Spain, this program signals a new era of support for tech-driven start-ups. In response to the evolving landscape, the program offers specialised assistance, tapping into European funds to provide equity-free services. With a meticulous phased approach, from selection to Demo Day, the program promises to assist entrepreneurs, fostering connections, attracting top mentoring voices, and amplifying visibility.

To learn more about this programme, visit the [full article in the project website](#).

Round-up of news updates

Since our last project newsletter there have been several updates on the *EntreComp4Transition* website. All news content is provided by the project partners and cover a variety of topics related to entrepreneurial, green and digital skills.
